

Comfort, Support & Independence

Finding the right lift chair starts with comfort, support, and a design that fits your needs. We've selected some of our most popular lift recliner options from **Golden Technologies**, a trusted American manufacturer. Each chair features power lift and recline, supports up to 400+ lbs. depending on the model, and is made in America. Plus, every model includes a Lifetime Warranty on the frame and recline mechanism, Golden's SmartTek® Diagnostic System to help simplify troubleshooting and service, and more.

Which chair is right for you? Expert guidance, fast responses and tailored solutions await! Get started today by submitting your online inquiry form. Scan the QR code or visit carelincmed.click/lift-chairs to get started!
